FACTS ABOUT TRENCIN

Geography

The City of Trencin, Slovakia is in the center of the Povazie region. Thanks to its advantageous location, Trencin is an important commercial, economic, cultural, and sports center. It is also known as the "City of Fashion." Numerous institutions and companies have their headquarters and branches located in Trencin. Expositions and fairs also have a long-time tradition in Trencin. Current population of Trencin is 60,000.

Trencin is located in the western part of Slovakia on the Trencianska basin. The river Vah runs north/south through the middle of the City, the east the City is bordered by the massif of the Povazsky Inovec and Strazovske vrchy, and to the west by the ledges of the Biele Karpaty.

The City has a mild climate with temperatures on April around 15 degree Celsius.

Trencin belongs to the oldest Slovak cities and has very rich history with many monuments.

For more information about the City, please visit the official website of the City of Trencin at: www.trencin.sk/en/

FURTHER INFORMATION

Money & Credit Cards

The national currency is Euro.

Foreign currency may be exchanged in banks Monday to Friday 8.00 - 17.00.

Banks have several cash dispensers throughout the City. Banks usually operate on Visa/ MasterCard/ Maestro, as well as most shops and restaurants.

Water

City tap water is safe to drink.

Electricity

Electric current in Slovakia is 230 volts and 50Hz.
Plugs and sockets are the same as in continental countries of the European Union.

FURTHER INFORMATION

Medical Services

All hospitals have doctors on duty around the clock. In emergencies, patients should be directed to a health care center or hospital emergency unit.

Medicines are sold at pharmacies/drug stores (LEKÁREŇ).
